

# SODIUM SUPPORT & SERVICES

## Our purpose:

MSSA has developed a department dedicated to customers' projects worldwide. The sodium support & services team is your technology partner for the design, engineering and construction of leading-edge facilities.

## Our technologies & solutions:

To answer to your challenges and to provide to you competitive advantages, MSSA offers customizable technologies and leading engineering services.

## Action fields

CHEMISTRY  
PHARMACEUTICAL  
ENERGY & NUCLEAR  
METAL & METALLURGY  
AUTO INDUSTRY

## FLEXIBILITY & INNOVATION

To provide customized solutions in demanding conditions.

## Range of services

- R&D and process development
- Engineering services
- Customized technology
- Commissioning & training
- Maintenance & decontamination

## Contact Sodium Support

MSSA S.A.S.  
111 rue de la Volta  
Pomblière, St Marcel  
France

Tel. +33 (0)4 79 24 70 70  
Fax : +33 (0) 4 79 24 71 21

# CAPABILITIES

## MAINTENANCE

- In house decontamination process
- Troubleshooting
- Decommissioning

## TRAINING

- On site training
  - Fire drills
  - E-learning
- <http://elearning.metauxspeciaux.fr>

## HIGH TEMPERATURE APPLICATION

- Material tests
- Customized purification unit
- Specific technology

## ENGINEERING

- PDP & FEED study
- Project management
- Commissioning & start up

## PROCESS DEVELOPMENT & OPTIMIZATION

- R&D facility for new project or process optimization
- Sodium reaction with highly qualified staff

## SODIUM DELIVERY & PACKAGING

- Customized packaging
- Turnkey solution for sodium handling: ingots or bulk

## NUCLEAR

- Fast breeder reactor
- Intervention in controlled areas
- Nuclear and radiation safety management

## TECHNOLOGY

- Sodium certified technology
- In house technology
- Industrial tests
